Clermont County Public Health is teaming up with Dr. Jerry Miller of Lifetime Pet Center of New Richmond to hold a low cost rabies vaccination clinic for 2017.

All animals must be in good health and must be leashed or contained in a carrier. Pets with documentation of current vaccination status (rabies tag will not be sufficient) may be given a three year vaccination (while supplies last). All other animals 12 weeks or older will receive a one year vaccination.

If you have any questions, please contact Ashley Bonar with Clermont County Public Health at 513-732-7494.
